Dear Public Official/Other Interested Party:

**Subject: Important Notice to Awarding Bodies and Other Interested Parties Regarding  
the Precedential Public Works Decisions of the Director of Industrial Relations**

Please be advised that pursuant to Government Code §11425.60, the Department of Industrial Relations has assembled a current index of precedential public works decisions through September 30, 2000. Only those coverage determinations listed in the Director's precedential index can be specifically relied on by the Department in making future coverage determinations.

An interactive index of Precedential Public Works Decisions with hyperlinks to the individual determinations is available on the Internet at <http://www.dir.ca.gov/DLSR>. The index is sorted in two ways, one in order of the date the determination was issued and the other in order of the subject that the determination addresses. The Adobe Acrobat Reader (available at <http://www.adobe.com>) is required to view these pages. Awarding bodies and other interested parties who have difficulty accessing the Internet index or the decisions may continue to obtain a copy of all precedential decisions by sending a check made payable to the Department of Industrial Relations in the amount of \$31.30 to the address listed below:

IMPORTANT NOTICE  
TO AWARDING BODIES AND INTERESTED PARTIES  
REGARDING THE  
GENERAL PREVAILING WAGE DETERMINATIONS  
FOR THE CRAFTS/CLASSIFICATIONS BELOW THE  
MINIMUM WAGE

In accordance with Labor Code Sections 1770, 1773, and 1773.1, the Director of the Department of Industrial Relations is responsible for determining the prevailing wage rates for each worker employed on public works projects of more than \$1,000.

The minimum wage in California increased to six dollars and twenty-five cents (\$6.25) per hour effective January 1, 2001. The Director's Prevailing Wage Determinations may not be below the minimum wage. Each employer is required to pay this amount for the basic hourly rate, at minimum, in all cases where the published prevailing wage rate is below the minimum wage. Any and all employer payments required by these determinations must also be paid.

If the minimum wage is increased in the future to an amount above that shown in a prevailing wage determination, the basic hourly rate in that determination automatically increases to the new minimum wage.
